

Sandy

Crashed on the beach watchin' you come my way
Girl how ya doin' you catchin' my wave
Whoa, what's your name, do you feel the same
As I do you wanna come and crash with me

Let's take a walk baby I'll hold your hand
We can play footsie with toe's in the sand
Whoa, the water's right, I'll hold you tight
Then we'll roll around this tropical beach

(chorus)

Let's get sandy, I wanna get sandy with you
Let's get sandy, make all of our daydreams come true
Through your hair the sunshine peeks
Count the freckles on your cheeks
It's true, I wanna get sandy with you

The sun on the water is kissin' your face
Oh, how I wish that I could take its place
Whoa, I ain't playin', I'm just sayin'
That I'm thinkin' that I'm sinkin' here for you

(repeat chorus)

Soon the sun will fade away
We'll come back another day

Whoa, I ain't playin', I'm just sayin'
That I'm thinkin' that I'm sinkin' here for you

(repeat chorus)

With you, with you, with you
