

The Queen In You

Here's one for the girl who gets me
The one who makes my heart sing
Here's one for the oh, so charming
The one who makes me feel like a king
Oh, it's indescribable
Honey for you
I'd face any obstacle

(chorus)
Now that I see
How it could be
How could I ever turn around
A sweet fantasy
Perfect for me
You hold my heart and wear the crown
It feels heaven sent
Just like I dreamt
Forever you're the one I choose
Whoa, I bow down to the queen in you

Here's one for her royal heinous
The one who's love's untouched
Here's one for a real-life goddess
The one who paints my world in blush
Oh, it's unstoppable
Honey the way
You know how to rule my soul

(repeat chorus)

Whoa, your majesty you take my breath
You know, I'd give you my all until there's nothin' left

It feels heaven sent
Just like I dreamt
Forever you're the one I choose
So I bow down to the queen in you
Yeah, I bow down to the queen in you
