

December

The time has come, my stocking's hung
Everyone's filled with cheer
Nothin' could be better
That's why December's my favorite time of the year
The mall's getting' busy, my head's getting' dizzy
But eggnog makes it clear
Oh, since forever
It's always been December, my favorite time of the year

(chorus)

Oh, my, my the weather
Put on a sweater
Let's hit the sparkling town
Warm gloves I brought 'em, warm hugs I got 'em
So lets go watch the snow fall down
Oh, D-E-C-E-M-Burr it's cold outside
Grab a hot cocoa, laugh until we ho, ho
And go on a sleigh ride

The pies are cookin', the kids are lookin'
For that little red-nosed reindeer
That's how I remember
That December's my favorite time of the year
I talked to a snowman
He said "no man, you been good don't fear"
We gather together
Here in December, my favorite time of the year

(repeat chorus)

Oh, I love the weather in my favorite sweater
With all the lights around
Ya, listen to the carols, eatin' cookies by the barrel
Makin' angels on the snowy ground
J-I-N-G-L-E those jinglin' bells
S-A-N-T-A-S is comin' to town
Oh, D-E-C-E-M-Burr it's cold outside
Grab a hot cocoa, laugh until we ho, ho
And go on a sleigh ride
