

Millennial

Little bitty gold digger
spinnin' on my middle finger
Unplug, watch her squirm
Wigglin' like a gummy worm
Laptop, wax candle
Beanie hat and croc sandals
Filter on her Instagram, fake tan, yeah, she's a millennial
(She's a millennial)

Funky band, rat-a-tat
Don't know where the jam is at
Smartphone, T.V.
All pretend reality
Webcam, hot date
Effort to collaborate
Sleepwalk, C.B.D., always disagree, she's a millennial
(She's a millennial)

Born in a different age she's tryin' to bend the world
The whole world is her stage, I Love that girl

(chorus)
Screamin' in the back seat
Shallow but she's breathin' deep
Blown mind, poker face
Head bangin' in cyberspace
Long legs, red lips
Diamonds on her fingertips
New insomniac
Never get your money back

Wakin' up, act woke
Daddy's house, flat broke
Talkin' loud, don't think
Hurry up no time to blink
Fake leather, fake smile
Frappuccino lifestyle
Dreamin' of fortune and fame oh yeah, she's a millennial
(She's a millennial)
