

# Old Fashioned

You can call me  
Call me old fashioned  
And I blow a kiss with a wink  
The simple things  
Are my passion  
And it's my favorite drink

I will write you  
Write you a letter  
Fill it up with X's and O's  
Seal it with a kiss  
We'll read it together  
Someday when we're old

(chorus)  
I'll be a gentleman right down to the core  
Hand me your jacket baby while I hold the door  
A classic romance is what I've been dreamin' of  
And I can't get enough  
Of that old fashioned love

(repeat chorus)

So hey bartender  
Make somethin' special  
'Cause we ain't had enough  
Raise our glasses  
And drink a toast  
To our old fashioned love  
Yeah, our old fashioned love  
To our old fashioned love

People call me  
Call me old fashioned

We'll raise our glasses  
And drink a toast  
To our old fashioned love
