

Christmas Cheer

Feel the joy of Christmas time
The best time of the year
Christmas means the world is filled with love
And so much cheer

What if we could all agree
To keep this love all year
Could we change the world we see
With a little Christmas cheer

(chorus)
We need Cheer (Just a little cheer)
We need Joy (Just a little Joy)
We need love (just a little love)
It could change the world we see
We need peace (Just a little peace)
We need Joy (Just a little Joy)
We need love (just a little love)
It could be the change we need

Everybody gather 'round
It's time to celebrate
Feel the warmth of people's smiles
That's how we make the day

Keep the joy of Christmas time
Alive throughout the year
Nothin' could be better for this world
Than Christmas cheer

(repeat chorus)

Give me love (Love)
Give me peace (Peace)
Give me Joy

(repeat chorus)
