

Merry Christmas From A Million Miles Away

Ba da da, ba da da, ba da da da da da
Ba da da, ba da da, ba da da da da da

Merry Christmas from a million miles away
May this season bring you joy in every way
From Bangkok to Denver, Shreveport to Paris
From Mexico City to Rome
We hear Christmas songs and we all feel the longing
For you to come home

So merry Christmas from a million miles away
May this season bring you joy in every way
Merry Christmas from a million miles away

Old folks with grandkids and gifts yet unopened
Acting like they're all still 12
And since black Friday, we've been as busy
As Santa and all his elves

So merry Christmas from a million miles away
May this season bring you joy in every way
Merry Christmas from a million miles
We send all our love and endless smiles
Merry Christmas from a million miles away

Merry Christmas, merry Christmas
Merry Christmas from a million miles away
