

The Reindeer Boogie

You know those guys who help Santa fly
They work real hard for just one night
All year 'round as it turns out
They spend their days just a dancin' 'round

(chorus)

Doin' the reindeer boogie (the reindeer boogie)
The reindeer boogie (the reindeer boogie)
They boogie woogie with free reign
'Til they're all hooked up to the front of the sleigh

Dasher loves the groove as a matter of fact
Dancer and Prancer, well they do just that
Rudolph, Comet, Donner and Cupid
Said "hey Vixen c'mon doin'"

(repeat chorus)

Santa came in and said to chill it down
Gotta rest those feet before we leave the ground
Blitzen told Santa we won't fool around
We're flyin' high no stoppin' now

(repeat chorus)

They boogie woogie with free reign
'Til they're all hooked up to the front of the sleigh
