

Unwrap It

Well Merry Christmas
Don't mean to be trite
But I'm lit up like a tree tonight
Girl I got somethin'
I need you to know
Why don't you meet me 'neath the mistletoe

(chorus)

I got a package for ya baby
Santa don't need to know
If you unwrap it little darlin'
Unwrap it nice and slow

Jingle my bells
My stocking is hung
Baby later down your chimney I'll come
Too late to be good
Naughty feels right
Honey I hope you trimmed your tree tonight

(repeat chorus)

I'll bring my candy cane
You bring your sugarplums
I can't wait to fill you with cheer
Let me get you down to nothin' but a bow
Come check out my workshop
I'll be your ho, ho, ho

(repeat chorus)

Let's get naughty little baby
I don't mind a little coal
