

# Chasing Sunsets

The sun sets on your skin  
All of your hair is lit  
So baby jump on in  
Let's go follow it  
Your arms around my waist  
Wind blowin' in our face  
Oh, everything is great  
When you're with me

(chorus)

I'll take you on a ride  
To the middle of nowhere  
Just the two of us livin' in the moment  
It makes me feel alive  
I don't have any cares  
Breathin' in your love and chasing sunsets  
Oh yeah, mmh hmm

Nothin' but road ahead  
We watch the sky turn red  
No place I'd be instead  
Oh, girl I'm lovin' it  
Your body pressed to me  
Hold tight as we gain speed  
Hair flyin' in the breeze  
And I feel free

(repeat chorus)

Don't know where we're goin'  
Ooh but I don't care  
My heart feels happy knowin'  
That you're right here, whoa

(repeat chorus)

And I can't get enough of chasing sunsets  
Oh yeah  
Whoa, I'm breathin' in your love and chasing sunsets  
And chasing sunsets
