

Tell Me When

She said she wants a little space so she can figure out
She said she needs a little time so she can think about
Why she feels so far away from where she wants to be
She always contemplates the world and where she fits in it
Sometimes she stares into the mirror and sees her opposite
She wants a man to make her smile go on endlessly
Well, that could be me

(chorus)

I'll love you on and on and on
Until the world won't spin
Put your arms around me baby
And I'll hold you so you'll never ever
Feel alone again
We'll start forever when you tell me when

We'll live together just as long as you're not sick of me
We'll dream of palm trees and umbrella drinks in Waikiki
And we will always find the light in each other's glow
I'll order guacamole when you go to wash your hands
I'll write our names inside a heart when we walk in the sand
I can't deny the fact that I don't ever wanna let you go
That's why I want you to know

(repeat chorus)

(bridge)

I'm givin' you all of my heart
I'm givin' you all of my hope
I'm givin' you all I need

(repeat chorus)

Won't you take me by the hand
Let me show you to the world
I could be your lovin' man
You could be my baby girl
I'll give you what you need
I'll never do you wrong baby
You and I go on and on and on and on and on
