

Drink You Like Whiskey

My mind has been taken
Occupied by thought of you
And when I awaken
I'm doin' things I'm not used to
Infatuated with the idea of touchin' you
Girl when you're naked
Up against me
All I wanna do is

(chorus)
Drink you like whiskey
'Til you burn inside my throat
These lips that I'm kissin'
Make it hard not to explode
Baby you drive me crazy, oh I'm thirsty
And I wanna drink you like whiskey

Ooh, my bodies shakin'
Ooh, girl you're much too much
I watch you move slowly
No I can't get enough
Anticipating every move that you wanna make
Girl don't keep me waitin'
My tongue is dry
Oh, for goodness sake let me

(repeat chorus)

(bridge)
Oh, let me get drunk on you
Ooh, I love the taste
Honey I'll savor every drop
You know I won't waste

(repeat chorus)

Let me drink you whiskey
I wanna drink you like whiskey
